Mobile network infrastructure : Conditional green light to the acquisition of Hivory by the Cellnex Group

Published on October 26, 2021

On 23 August 2021, Cellnex notified its intention to acquire control of Hivory.

In a decision dated 25 October 2021, the *Autorité* clears the transaction subject to conditions. .

As a result of this transaction, the passive infrastructures (pylons, masts housing the antennas, premises and technical equipment) of Altice's (SFR) mobile telephony network were divested to the Cellnex Group.
