

Commuting sector: the Autorité clears the creation by the RATP and TotalEnergies of a joint venture

Published on November 08, 2024

RATP Smart Systems and TotalEnergies Marketing France notified the *Autorité de la concurrence* of their plan to create a joint venture that will develop and market, to public- and private-sector companies, an employee commute management service. Following an examination of the effects of the transaction on the markets concerned, the *Autorité* has cleared the transaction without conditions.
