

Launch of a public consultation on the status, role and resources of monitoring trustees

Published on March 14, 2025

The contributions received as part of the public consultation launched today will feed into the work of the *Autorité de la concurrence* on the framework applicable to the trustees appointed to monitor the corrective measures – whether commitments or injunctions, behavioural or structural – taken by or imposed on companies when mergers are likely to affect competition. The measures must address the competition concern identified by the *Autorité* and therefore facilitate clearance for a merger that would otherwise have been prohibited.

Responses to the public consultation should be sent **no later than 11 April 2025** to the following email address:

consultation.concentrations@autoritedelaconcurrence.fr.
