Webinar: “AI, energy and the environment: The new competitive equation”

Published on April 16, 2026

Following its study on the competition issues surrounding the energy and environmental impact of artificial intelligence (AI), the *Autorité de la concurrence* is hosting an online webinar to explore the issues further.

Watch the replay

The event will begin with an introduction from Benoît Cœuré, President of the *Autorité de la concurrence*, followed by two panel discussions featuring experts, regulators and AI industry leaders.

The discussions will be held in French.
