

Pay TV and the acquisition and broadcast of cinematographic works: the General Rapporteur of the Autorité de la concurrence has notified objections concerning abuse of a dominant position

Published on September 29, 2026

The General Rapporteur of the *Autorité de la concurrence* has notified objections in the sector of pay TV and the acquisition and broadcast of cinematographic works.

The objections concern abuse of a dominant position in the sector of pay TV and the acquisition and broadcast of cinematographic works through the imposition of unfair trading conditions.

The statement of objections is part of the *ex officio* investigation opened by the *Autorité* on 25 September 2024 into potential anticompetitive practices in the sector.
