## Opinions on freedom of (business) establishment and maps

In accordance with the Law of 6 August 2015, amended by the Ordinance of 2 June 2016 as mentioned above, the *Autorité* issues an opinion to the Minister of Justice on the freedom of (business) establishment of commissioners of justice every two years. This opinion is accompanied by a map that identifies those areas where the establishment of offices appears beneficial to strengthen proximity or the offer of services. The proposed map is then validated by a joint decree of the Ministers of Justice and Economy.

Prior to the entry into force of the status of commissioner of justice, the *Autorité* drew up separate maps for court bailiffs and judicial auctioneers until their merger in 2022. Since then, it has been developing a single map for commissioners of justice.
