

# The Autorité announces its priorities for 2020

Published on January 09, 2020

---

Several topics that were among the *Autorité's* priorities for 2019 will remain at the forefront of its action in 2020. They remain strategic in ensuring that competition is strong, benefiting both businesses and consumers, and include: **digital** challenges, the **retail** sector, competition in **overseas territories**.

New subjects are emerging in 2020, illustrating the *Autorité's* desire to take into account economic developments by providing them an appropriate response.
