

Debate on competition policy and the challenges raised by the digital economy: the Autorité publishes its contribution

Published on February 21, 2020

The Autorité publishes today its contribution to the debate on competition policy and the challenges raised by the digital economy. It is thus taking part in the ongoing discussions on the reform of competition law at European and worldwide levels, by reviewing its analysis and proposing options for reform.

COMMUNIQUÉ DE PRESSE

du 21 février 2020
