

# Debate on competition policy and the challenges raised by the digital economy: the Autorité publishes its contribution

Published on February 21, 2020

---

The Autorité publishes today its contribution to the debate on competition policy and the challenges raised by the digital economy. It is thus taking part in the ongoing discussions on the reform of competition law at European and worldwide levels, by reviewing its analysis and proposing options for reform.

**COMMUNIQUÉ DE PRESSE**

du 21 février 2020
