

The European Commission refers the acquisition of Conforama France by Mobilux (But) to the Autorité

Published on June 29, 2020

The Commission considered that the conditions for referral to the *Autorité de la concurrence* were met, as the *Autorité* is best placed to review the transaction given its national impact and the *Autorité*'s experience in reviewing mergers in this sector. Following notification of the referral, the *Autorité* will examine in particular the impact of the transaction both upstream, on suppliers, and downstream, in each catchment area.
