Waste collection and management in Haute-Savoie : several companies fined for anticompetitive agreements

Published on March 03, 2022

Following dawn raids and an investigation report sent by the *Brigade interrégionale d'enquêtes de concurrence d'Auvergne Rhône-Alpes*, the *Autorité* handed out fines worth €1.5 million to four companies for distorting the call for tender procedures launched by various local and regional public authorities in Haute-Savoie between 2010 and 2018 for the collection and management of their waste.

PRESS RELEASE OF 3 MARCH 2022

The Autorité fines several companies for anticompetitive agreements in the waste collection and management sector in Haute-Savoie
