

Compliance: the Autorité publishes a new framework document

Published on May 25, 2022

A group of experts from the private sector (companies, trade associations and law firms) and representatives of the *Autorité de la concurrence* was formed in 2020 to identify a set of best practices in terms of compliance. The group's work showed that market participants again wanted a reference text on compliance programmes in competition law.

It is in this context that the *Autorité de la concurrence* decided to update the framework document on competition compliance programmes originally published in 2012 and withdrawn following the introduction of the settlement procedure.
