

# Opening of an in-depth examination into the creation of a joint venture by the Aéroport de Paris and Select Service Partner groups

On 28 October 2022, the Aéroport de Paris and Select Service Partner groups notified the *Autorité de la concurrence* of their plan to create a full-function joint venture called Extime Food & Beverage Paris, whose purpose is to eventually operate almost all of the catering outlets located in Paris-Roissy Charles de Gaulle and Paris-Orly airports.

At the end of the first phase of the review (known as "phase 1"), the *Autorité* considered that the transaction raised serious doubts regarding harm to competition that justified an in-depth review of the transaction (known as "phase 2").

The start of this phase 2 will, in particular, be an opportunity for the *Autorité* to consult market stakeholders through hearings or new market tests.
