Published on February 20, 2020

The *Autorité* has imposed a fine of €200,000 on La Mutualité de la Réunion (MR) for failing to comply with part of the commitments it had entered into before the *Autorité* that aimed to prevent any confusion between the funeral insurance products offered by MR, an operator likely to be dominant in the funeral insurance market in La Réunion, and the funeral services offered by a cooperative of undertakers that it set up.
