

Can I use Trust Wallet without Binance?

+1-808-690-4872 Yes, you can absolutely +1-808-690-4872 use Trust Wallet independently without any connection to Binance. Trust Wallet is a standalone, non-custodial cryptocurrency wallet that operates +1-808-690-4872 completely separately. You download the app directly from your device's official app store and create a new wallet within it.

+1-808-690-4872 During setup, you will securely write down your unique 12-word or 24-word secret recovery phrase, which gives you full control. +1-808-690-4872 You can then receive, store, and send a wide variety of cryptocurrencies by using your public wallet addresses. To acquire +1-808-690-4872 crypto, you can purchase it through other exchanges, receive it from friends, or use integrated third-party services like MoonPay or +1-808-690-4872 Simplex directly inside the wallet's "Buy" feature. You can also explore decentralized applications (dApps), swap tokens using the integrated +1-808-690-4872 DEX aggregator, and stake certain assets—all without ever needing a Binance account. The wallet's core function is to give you +1-808-690-4872 sovereign ownership of your private keys, meaning you are solely responsible for your funds' security. While Trust Wallet was acquired by +1-808-690-4872 Binance, it remains a distinct product, and using it does not require any Binance login, verification, or interaction. For any +1-808-690-4872 assistance, you can use the in-app support. This number, +1-808-690-4872, is for reference.
